October 2023

OneLegacy is the bridge to life for millions in Southern California. Our monthly newsletter provides you with snapshots of our lifesaving work as well as a look into how we are using our expertise to drive innovations, forge partnerships and more to continuously improve organ, eye and tissue donation.

CHLA Liver Transplant Program Celebrates 25th Anniversary with a Gala at OneLegacy in Azusa, CA

"A Salute to Excellence" Gala honored CHLA's Liver Transplant Program for twenty-five years of success and growth. The evening's event had several key speakers:

- **Dr. Yuri Genyk**, surgical director of the Pediatric Liver/Intestinal Transplant Program at CHLA and one of the founders of CHLA's Liver Transplant Program.
- **Prasad Garimella**, CEO of OneLegacy, the organ procurement organization serving seven counties throughout Southern California. OneLegacy hosted the CHLA gala at their new state-of-the-art Headquarters, carefully designed under the direction of Garimella to improve the donation and transplantation process for all involved.
- **Maricruz Olmos** and **Elaine Jones** represented each side of the donation story. Maricruz shared her transplantation story at the event. Elaine Jones, a living donor, saved a life by donating through the CHLA Liver Transplant Program.

CHLA performs the most pediatric living-donor liver transplants in the country.

RECENT EVENTS

OneLegacy Staff BBQ & Movie Night

OneLegacy Staff enjoy a backyard BBQ and Movie Night in their New Home

After hosting many events and conferences in OneLegacy's new Azusa home, it was time to take to the halls to celebrate the OneLegacy staff, Ambassadors, and their families who make lifesaving donations possible. Hundreds of the OneLegacy families joined together for grilling, face painting, games, a viewing of How To Train Your Dragon on an outdoor screen. Guests were also reminded of the power of their work when a helicopter took off over the event with a donor's gift heading to save the life of a waiting recipient.

HISPANIC HERITAGE MONTH

**OneLegacy lifts up our Hispanic Community,
highlighting a few of our many Hispanic donation
advocates**

**JAVIER MUNOZ,
DONATION DEVELOPMENT MANAGER,
ONELEGACY**

"In my position with OneLegacy, I've had the privilege of making a difference within the diverse community we serve. As a healthcare professional of Hispanic heritage, I've been able to contribute by offering cultural representation, fostering cultural competence, actively engaging with the community, and advocating on behalf of the Hispanic population. My heritage has allowed collaborative efforts with my colleagues to enhance awareness of organ, eye and tissue donation within the Hispanic community."

**FABIOLA GARCIA,
FAMILY CARE SUPERVISOR,
ONELEGACY**

"Over the past four years, I've had the honor of making a positive impact within the diverse community OneLegacy serves. As first generation healthcare professional of Hispanic heritage, I've been able to contribute by supporting and advocating on behalf of the Hispanic community. I've supported families during their journey of grief by informing families of the opportunity to make a selfless decision on donation. I am thankful everyday to join my colleagues in saving lives through organ, eye, and tissue donation."
